**TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1997**

**THE ELECTRICITY WORKS (ENVIRONMENTAL IMPACT ASSESSMENT) (SCOTLAND)  
REGULATIONS 2017**

Notice is hereby given that Fred. Olsen Renewables (“the Company”) with company registration number 13633932, having its registered office at 2nd Floor, 36 Broadway, Westminster, London, SW1H 0BH has applied to the Scottish Ministers for consent under section 36 of the Electricity Act 1989 to construct and operate a Scawd Law onshore wind farm and battery storage at approx. 4km south of Walkerburn (Central Grid Reference 336742,640866). The installed capacity of the proposed generating station would be approximately 60MW comprising 8 turbines with a ground to blade tip height of 185 metres. The proposed development is subject to Environmental Impact Assessment (EIA) and an EIA Report has been produced.

The Company has also requested a direction under section 57(2) of the Town and Country Planning (Scotland) Act 1997 that planning permission for the development be deemed to be granted.

The Company has now submitted additional information to Scottish Ministers, which includes information relating to ornithology, proposed condition and an alternative layout. The alternative layout includes further assessments on ecology, ornithology, hydrology, landscape and visual, noise and carbon balance.

Copies of the additional information, the application and the EIA Report (‘the information’) are available for public inspection in person, free of charge, during normal office hours at:

Location	Opening Hours	Address
Walkerburn Bowling Club	10-4 or by appointment contact – 01896 870 251	Walkerburn, EH43 6AT

The information can also be viewed on the application website at <https://fredolsenrenewables.com/all-projects/scawd-law/> or at [www.energyconsents.scot](http://www.energyconsents.scot) under application reference ECU00002111.

Copies of the information may be obtained from Fred. Olsen Renewables (telephone: 07887 922 180, email: [communities@fredolsen.com](mailto:communities@fredolsen.com)) at a charge of £860 hard copy and £15 on USB storage device]. Copies of a short Non-Technical Summary are available free of charge.

All previous representations received by Scottish Ministers in relation to the application remain valid.

Any new representations on the application may be submitted by email to the Scottish Government via [representations@gov.scot](mailto:representations@gov.scot); or by post to the Scottish Government, Energy Consents Unit, 4<sup>th</sup> Floor, 5 Atlantic Quay, 150 Broomielaw, Glasgow, G2 8LU, identifying the proposal and specifying the grounds for representation.

Written or emailed representations should be dated, clearly stating the name (in block capitals) and full postal address of those making representations. Emailed representations should also include the full return email address of those making representations. Only representations sent by email to [representations@gov.scot](mailto:representations@gov.scot) will receive acknowledgement.

All representations should be received not later than **4<sup>th</sup> April 2025**, although Ministers may consider representations received after this date.

Any subsequent additional information which is submitted by the developer will be subject to further public notice in this manner, and representations to such information will be accepted as per this notice.

Where Scottish Ministers are required to, or decide to exercise their discretion to do so, they can cause a public inquiry to be held.

Following examination of the environmental information and all views and representations received, Scottish Ministers will determine this application for consent in one of two ways:

- Consent the proposal, with or without conditions attached; or
- Reject the proposal
